

### Temporary Road Closure Notice

The closure of West Edgewater Drive at County Road 101 will remain in effect for the next 3-4 weeks, or until further notice.

Residents are encouraged to use the East Edgewater Park Entrance and avoid the West Entrance. The West Entrance will be open on and off during the utility project depending on the construction schedule. The road and entrance may be rough even when open.

All homeowners will have access to their properties during the closure unless the contractor makes direct contact before limiting access to their driveways.

If you have any questions please contact the Engineering Department at 377-4325.

Thank you!
