

**PARKS & RECREATION DEPT.
PARK AND FACILITY
MASTER IMPLEMENTATION PLAN**

MISSION STATEMENT

To provide quality recreation opportunities for the enjoyment of all people in the community and to plan, acquire, develop and maintain quality, attractive parks and facilities that enhance the community of Albert Lea.

DEPARTMENT VISION STATEMENT

Our vision is to offer services that allow community members to experience physical, mental, and social benefits through their leisure time participation, providing opportunities for young people, adults, and senior citizens to live, grow, and develop into healthy, contributing members of our community.

CORE VALUES:

Specifically the Parks and Recreation Dept. will:

We will: Be fiscally responsible, good stewards of our community's natural resources and guardians of our human resources.

We will: Enhance the quality of life in the community by providing a variety of enjoyable leisure, cultural and educational pursuits in facilities that are well maintained, safe, and accessible.

We will: Improve the health and fitness of our community through programming and facilities that encourage thought and motion.

We will: Ensure that the citizens of Albert Lea are heard by the use of program and facility evaluations, community-wide surveys, email bulletins, and various project committees.

We will: Be driven to protect and take care of our facilities. All facilities will be clean, safe, well-maintained, and environmentally-friendly.

We will: Bring together our community by offering a wide variety of activities and programs that encourage inclusion and participation.

We will: Just have fun! Enjoy work! This will reflect on our ability to deal with customers and co-workers in a positive way.

Recreation/Athletic Facilities

The Park and Recreation Department offers a wide array of programs and services to its community members. Passive Parks

Passive parks are areas without playground equipment, athletic areas and some of the other amenities associated with regional and neighborhood parks. Passive parks are green areas where one can picnic or just sit and view the beauty of the park and the outdoors.

CENTRAL PARK
 300 W. Clark St.
 1.6 Acres
 Passive Park

Central Park is a shaded green space located near downtown Albert Lea. The park is surrounded by churches and is near the Albert Lea Medical Center. Central Park features a paved and lighted walkway that runs through its center, and a Ten Commandments memorial donated by the Eagles Club. The park has benches and picnic tables and is often used by people downtown, medical center staff, and by walkers.

DRESS ISLAND
 802 Lakeview Blvd.
 Passive Park

Dress Island is a small shaded island on Fountain Lake connected to the shore by a wooden arched bridge. The park includes a couple of benches on the shore and two on the island. The park is a nice location to view the action on Fountain Lake.

The wooden bridge should be replaced in the next five years.

EUCLID PARK
 Euclid Ave.
 Passive Park

Euclid Park is a long rectangular park located along busy Euclid Avenue. The park features a lot of shade and well-maintained bushes and flower gardens. Additionally, the park has two sitting areas, one with three benches and the other with five benches.

The park needs to be trimmed up, trees replaced and possibly a new sign.

KATHERINE ISLAND & NEW DENMARK PARK
 Bridge Ave. and Green Ave.
 Passive Park

This well-shaded area is located next to Fountain Lake & near downtown. This park is home to the mermaid statue, a statue created by a Danish immigrant, many benches for viewing the lake, well kept flower beds and Christmas decoration during the holiday season. Three large donated fountains are located just offshore and run throughout the summer. In 2007, a new pedestrian bridge was installed and Katherine Island received a complete shoreline renovation. In 2009, the sidewalk was continued around the entire perimeter of the park.

The shoreline throughout the park needs restoration.

UNDEVELOPED PARKS

The following parks are properties owned and maintained by the City of Albert Lea. These parks, however, are only green spaces and do not include any facilities, equipment, or programs. These parks may or may not be developed depending on need and/or funds.

DOREDA PARK

Giles Place

Doreda Park includes .4 acres of green space. It is in a residential neighborhood and near the City Beach.

FAVILLE PARK

400 Lakeview Blvd.

Faville is a tiny (.1 acre) corner park on Fountain Lake. The park is shaded by a couple of trees. The park used to have a fountain and a flower bed.

WEBER PARK

300 Lee Circle

Lee Park is .2 acres of shaded green space located in a residential neighborhood. Lee Park does have a stone commemorating World War II Veteran John A. Weber. The park was renamed from Lee Park in the spring of 2009 to Weber Park.

MATTSON PARK

Township Rd. & West Ninth St.

Mattson Park is five acres of open green space. Currently the area is being used to store materials used by City's Street Department and is also used as a snow dump area in the winter.

SUMMER PARK

824 Fountain St.

Summer Park is .4 acres of open space. It has three older trees and a railroad running through it.

TIGER HILLS PARK

This small area is located in the Tiger Hills Sub-division, established in 2005. The park was dedicated to the City at this time. Plans for this park will develop as the sub-division develops.

CITY OF ALBERT LEA PARKS AND RECREATION COMPREHENSIVE PLAN

This section contains pages from the City's recently completed Comprehensive Plan that pertain to Parks and Recreation services within the community. This plan was adopted by the Albert Lea City Council in 2008. This portion of the plan will be used as a guide as the Department moves into the future with the delivery of parks and recreation services.
